**Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Halls Catarrh Cure. Sold by Druggists. F. J. CHENEY & CO., Toledo, Ohio. ## The Price You Pay For DRUGS

The value of drugs or of a prescription is not in the price you pay—it's in the good you do. If you pay higher prices than we ask, you pay too much; if you pay less than our prices, you will get inferior quality.

**"Quality is the True Test of Cheapness."**

Compare our prices with those asked elsewhere and carefully note comparative qualities of goods. Best quality at lowest cost is a rare combination, but that is what you are offered at our store.
